Placement test

Please read before taking the test:

The placement test is a common test for all target groups on levels A1-C1. The instructions on the test website are in German. For that reason, we provide a short translation.

1. Welcome to the Placement Test German

This cross-level placement test assesses your language skills in German up to level C1. After the test, you will receive an evaluation on which level you are.

- Please work through the tasks precisely, there is no time limit.
- The test consists of 64 tasks. Please read the instructions for each task carefully.
- You can work on the tasks in the intended order.
  Click on WEITER to CONTINUE
  Click on ZURÜCK to GO BACK
- Above the task window, you will find the list of questions, with which you can go to the individual tasks.
- You can stop and evaluate the test at any time. All your answers, given so far, will be evaluated.
- If you want to finish the test, please click on "Alles einreichen" (submit all), to receive your result.

2. Evaluation and result overview

Important note for Freemover Request (JGU):

In order to send a Freemover Request to JGU Mainz, you need to enter your email and upload the personalized test result in the freemover form. Unfortunately we can't accept results without personalization.

You will then have the possibility to print out your result overview.

If you would like to view your result and the detailed evaluation again later, you can send them by e-mail to yourself or to a recipient of your choice.

To do so, fill in your e-mail address or the e-mail address of the desired recipient here. Your results will be automatically sent to the given address after the test has been finished.

This information is voluntary and not necessary for the test to be carried out. The personal data you provide will be used by our service provider iSpring Solutions,Inc. exclusively for sending the above-mentioned mail and will be completely deleted 30 days after the test has been carried out.
